

Mulufikir Daycare Centre

Mulufikir Organization was founded by Mrs Mulu Chekol with her special vision to help the most vulnerable, hopeless, poor and broken-hearted people based on loving and caring for them.

We believe that love can change lives and we have seen it very clearly during these years and that is our drive and motivation every morning to continue the work. Christian Mulufikir Organization wants to take the responsibility to do what can be done to share and solve young mothers' and their babies' problems, to ease the daily-life by educating, feeding, clothing, counseling and taking care of them. Our focus is on daycare for the poor children aged from little babies up to four years old ones.

It all started in 2015 with fifteen children (in 2008 Ethiopian calendar).

We are very happy that Mulufikir Daycare Centre has been able to help 184 children during these years, of whom 158 children have already started the school.

Our aim is to improve the livelihood of low-income mothers so they can work or study freely while children are taken care of during the day in our Daycare Centre. Children are provided a breakfast, snack, lunch and a small snack before leaving for homes. Daily program includes playing, singing, coloring, taking a nap, bathing, washing clothes etc.

Early childhood education emphasizes learning by playing, developing social skills and enjoying other children's company with indoor and outdoor activities.

Mulufikir Daycare Centre is open from Monday to Friday and everything is free for the children.

On Saturdays our older, school-aged children (from 4 years -) are coming to Daycare Centre to eat, do the homework, play, wash etc. We encourage them to do their homework, study and have a better future. We also help some poor secondary school students by giving learning materials and food.

We have volunteers to help us both participating for the work and also in economical ways. This way we can provide free care and better life for many in need. There is a great need for everything, so if you feel like wanting to help us, we would be very grateful for any kind of contribution. Our financial situation is based on donations and voluntary work.

We also have a training program three times a year for the mothers how to look after themselves and children.

Mulufikir Organization has also helped those who have lost their homes by building sixteen small corrugated iron houses.

We have volunteers to help us both participating for the work and also in economical ways. This way we can provide free care and better life for many in need. There is a great need for everything, so if you feel like wanting to help us, we would be very grateful for any kind of contribution. Our financial situation is based on donations and voluntary work.

Mulufikir Charity and Development Organization is located in Addis Ababa, poor and the most highly populated area, Addis Ketema, Woreda 03. Our financial situation is based on donations and voluntary work.
